REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or render obvious the overall claimed invention of an intraocular lens insertion instrument including: an elastic member which is set in contact with a push-out unit and deformed under pressure; and an adjustment member which is set to push out the elastic member in an axial direction of the push-out unit to change a deformed state of the elastic member, and the adjustment member being adapted to adjust working pressure needed to move the push-out unit by changing frictional force on the push-out unit according to the deformed state of the elastic member; or an O-ring which is set in contact with a shaft; and an adjustment member which is set to push out the O-ring in an axial direction of the shaft unit to change a deformed state of the O-ring, and the adjustment member being adapted to adjust working pressure needed to move the shaft unit by changing frictional force on the shaft unit according to the deformed state of the O-ring; or a plate spring which is set in contact with a push-out unit to adjust working pressure needed to move the push-out unit by changing frictional force on the push-out unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
